Any Baby Can was born 40 years ago with the mission to serve families with children and youth facing serious health or developmental challenges. Since 1982, we have stayed true to that mission.

In 2021, our impact was felt by;

- the over 3,800 individuals helped through our comprehensive case management, prescription assistance, autism services, and bereavement support programs,
- over 200 diagnoses touched and 8,000 visits through the case management program,
- \$2,030,000 of savings provided through our Prescription Assistance Program,
- the 545 individuals served with funeral assistance and licensed grief counseling for caregivers suffering from the devastating loss of a child,
- over 400 educators, first responders, and law enforcement officers who received specialized training on autism, behavior strategies, and ways to better understand and communicate with individuals on the spectrum.

And those are just the highlights...

This year, Any Baby Can celebrates four decades of providing hope and health to families raising children with special healthcare needs, and we look forward to strengthening that legacy for many years to come.

While we are proud of how much we have grown, and the work we have accomplished, in large part through your generous support, the need continues. Your sponsorship will truly help make a difference in the lives of the children and families Any Baby Can supports. Without donors like you, we would be unable to have such a life-changing impact.

We are excited to bring back The Angel Affair after two years, in time for our 40th Anniversary. We invite you to don your best all-white attire and spread your wings with us. It wouldn't be a proper celebration without you.

Elyse A. Bernal
President & CEO, Any Baby Can
